

JOWIN CUETO

Front End Developer

SUMMARY

Dynamic and innovative Front-End Developer with 5 years of experience in building responsive and user-friendly web applications. Proficient in HTML5, CSS3, JavaScript, and modern front-end frameworks like Vue.js. Skilled in translating UI/UX designs into code, optimizing application performance, and ensuring cross-browser compatibility. Adept at collaborating with cross-functional teams to deliver high-quality projects within tight deadlines. Passionate about staying updated with the latest trends and technologies in front-end development to drive continuous improvement and deliver exceptional user experiences.

EXPERIENCE

Front End Developer Team Lead

Dates of Employment: April 2019 – Present

As the lead Front-End Developer for a sports uniform customizer project, I was assigned for the maintenance of an existing platform with multiple brands. My responsibilities include maintain the legacy codebase, providing guidance to newly hired junior developers, and serving as one of the code review. Additionally, I collaborate with UI/UX teams to design and implement new requested features, ensuring seamless integration with the existing platform.

Front End Developer

Dates of Employment: April 2017 – 2018

As part of our role, we ensure the ongoing maintenance and responsiveness of the project's front-end, guaranteeing seamless user experiences across various devices and screen sizes.
