Address: Sampaloc Apalit Pampanga

Online Portfolio: jowin-portfolio.netlify.app

I design and implement the visual elements, interactivity, and functionality of the websites.

Education

La Verdad Christian College

Bachelor of Science in Information Systems, 2019

Experiences

Prolook Sport | 2019 - Present

Responsible for the implementation and optimization of responsive and user-friendly web interfaces, ensuring seamless user experiences across various devices. Collaborated with cross-functional teams, including designers and backend developers, to translate design concepts into fully functional and visually appealing websites. Employed best practices in web development, such as performance optimization and code modularization, to deliver high-quality and maintainable code. Stayed informed of industry trends and emerging technologies to continually enhance the user interface and user experience of the web application. Setting up state or state management for some features.

Wordtorque | June - Aug 2023

Enhanced user interface by implementing visually appealing and responsive designs in collaboration with UI/UX designers. Conducted usability testing, gathered feedback, and utilized front-end technologies for an improved user experience. Ensured accessibility standards and contributed to cross-functional teams for cohesive design and development alignment.

Codeeric IT Solution | 2018 - 2019

Optimized website responsiveness through fluid layouts and adaptive design. Collaborated with UI/UX teams to ensure a seamless user experience across devices. Implemented CSS media queries and responsive frameworks for consistency and user-friendliness.
